

Ariel Bowling night out

Wednesday, 09 December 2009

A Bowling and Pizza Night Out took place Thursday the 12th of November, A bus full of excited children and parents left Ariel going straight to Petach Tikva's bowling alley. Arriving at 6 pm, the bowling alley was empty which was a great advantage as we had the place to ourselves.

The kids were having a blast! The manager raised the children's bumpers and brought out a little slide so even the smallest children could send the ball straight down the alley.

David Moshkovitz won the kid's game and scored over 100! He left many of the adults way behind too……

Shauli Zacks was star of the night with the highest score (after the bus driver…..) while Yuval was the fastest bowler, managing to send a few balls flying at 25 km/hr straight down the gutter. After a few strikes everyone had a break to nosh some pizza, and then continued to finish off the first match. It was almost impossible to tear the kids away and we all had to promise we would return again soon. It seems we have found a favorite activity for the Ariel Olim!!
